

FOR CONTAINERS

Our ConHasp Granit hasp 215/100 is very suitable for mounting on containers.

Add this robust hasp to your padlock for even more reliable protection of containers, warehouses, barn doors, truck panel doors, and more. The hasp is made of resistant steel and manufactured using a special welding process. All parts are corrosion protected. We recommend using them together with a Granit padlock to get the best possible security.

Technologies

- For additional security of e.g. containers
- Use suitable padlock as locking device: 37RK/70HB100, 37/55HB100 or 83/80HB100
- Extremely resistant steel
- Manufactured with special welding technology for enhanced security
- All parts corrosion resistant
- 37/55 and 37RK/70 with ABUS-Plus cylinder and code card

Use and application

- Fits on standard transport and storage containers
- Can also be used on sliding doors, barn doors, lorries with double wing doors, etc.

Variants

- Color: black
