

C556 Standard Cable Lockout Device 2 m (6 ft.)

Seite 1 von 2

THERE IS NO SUITABLE LOCK AVAILABLE RIGHT NOW?

But - with the standard cable locks you can secure everything for which there is no special solution.

Like a lasso, the cable is pulled through the hand lever or the turning wheel and around a counterpoint, tightened and fixed to the sling with the body.

Technologies

- Intuitive design for self-explanatory application
- Isolated, exchangeable metal cable in different lengths
- Holds up to 6 padlocks

Operation and use

- Universal lockout device for locking out different energy sources during maintenance

Variants

- C503: Length 1m
- C506: Length 2m
- C509: Length 3m
- C509: Length 5m
